
礼

采用悬浮式滑盖插座，上下可双面取电
皮革与木面的碰撞，是理性与温度的平衡。

Featuring a floating sliding cover socket with dual-sided
power access from both top and bottom.
The collision of leather and wood surface
is a balance between rationality and warmth.

副柜内置主机柜，
设计可视玻璃柜摆脱传统实木办公桌，
让你的办公桌更有意义。

The black control buttons are like the center of wisdom
Users can easily control the lifting and lowering process of the desktop
Meets the ergonomic needs of users of all heights when working standing or sitting
It brings unparalleled comfort to the user

镜面不锈钢以利落的 X 形交错，如雕塑般勾勒力量与秩序。
抛光金属映照光影，与温润木面刚柔并济；
底部调节脚以毫米精度，让每一次放置都稳如磐石。

The mirror-finished stainless steel intersects in a crisp X-shape,
sculpting power and order like a work of art.
The polished metal captures light and shadow,
creating a harmonious contrast with the warm wood surface,
blending strength and softness.
The adjustable feet at the base, with millimeter-level precision,
ensure unwavering stability with every placement.
